Ave Maria Catholic Church
Rev. Nathanie Hinds, Pastor
9056 East Parker Road
Parker, CO 80138

Dear Father, Good Morning. This is Fr. Joseph Reddy Duggempudi, Sacred Heart Church, 47943 Abbey Road, Konawa, OK. I am a mission Director or missionary representative for CSSA (Congregation of Sisters of St. Anne). Fr. Nettem Rajesh Kumar Will be coming to your parish on September 16th & 17th weekend for mission Appeal. I appreciate all your efforts so far towards missionary priests.

Message for church Bulletin:

The mission appeal is to the special needs children, those who are mentally and physically disabled. The project is taken care of by religious sisters. Their motto is "FROM DEPENDENCE TO INDEPENDENCE". This project is a help to enhance these children to manage their lives independently. These religious sisters run a special school for them (blind, dumb, lame and poor with intellectual capacity). The parents of these children are poor and hence can't cater them and give them proper education. As a result, some of the parents leave them on the street. These differently abled children neither have proper shelter nor food nor basic facilities. There are some children who have become a burden to the parents who are economically poor. The parents could not give required attention to the disabled children. Sisters cater these children education with boarding facilities, medical care. Since good care and special attention is given to each child, children are being brought from faraway places. The available resources are not sufficient for the increasing number. Therefore, your generous heart to this great mission will be of great help to many children.

Please be generous towards children's education. Please contact me if you need any further information. Thank you. May God bless us more and more.
